

From the soil to the market

Santa Marta- Colombia, October, 2018

LANDBANK – v3

CONTEXT

Not only is DAABON a palm oil company, also grows bananas, coffee, cocoa and avocados, and traditionally cattle. Our SIA and EIA consider the historical implications of operations in communities as a retrospective FPIC. No new land has been planted in order to assess HCS, but the commitment holds for all new development/planting/sourcing. DAABON's Landbank

	(ha)	Total Area	Conservation Areas	Crop	Others*	Cattle	Planting Years
Palm Oil	Ariguaní	1632.9	115.4	986.2	1.5	529.6	1970
